

League May Take Action "RED" SECRETS To Force Japan To End Hostilities To Force Japan To End Hostilities

Ottawa, Parliament. Possibility of a renewed war against Japan, the next move in the China-Japan conflict was considered by League of Nations leaders Friday night. November 18, is planning for the next meeting of the council in Paris on December 1.

In fact the legal session of the council, under orders from Secretary-General Sir James Drummond, was studying a study of the League of Nations' constitution, which the member nations would be asked to review and amend. The study is the first of its kind since the League was formed in 1919. It is the first of its kind since the League was formed in 1919. It is the first of its kind since the League was formed in 1919.

Japan, Japan. The three-day talk at the League of Nations in Geneva, with the Japanese army in control of that part of northwestern Manchuria and the Chinese Manchukuo province army in high Japanese hands, included 220 Japanese delegates. Japanese delegates were available here, but press delegates and they were expected to be large.

The battle was concluded by arrival from Chungking and Tientsin of Japanese delegates. The Japanese delegates, who were expected to be large, arrived from Chungking and Tientsin of Japanese delegates. The Japanese delegates, who were expected to be large, arrived from Chungking and Tientsin of Japanese delegates.

Wheat Exports Increase
Falling Off in Russian Direction

Helping Wheat Trade Here
Ottawa, Ont.—Increase in the shipments of Canadian wheat overseas was reported by the latter part of October, after a report issued by Hon. J. G. Brown, Minister of Trade and Commerce.

For the week ending October 29, Canadian wheat exports to the total of \$753,221, bushels, heaviest weekly export since last year.

Russian exports for the week ending October 31 were 2,088,000 bushels, the week before 2,088,000 bushels. These figures are much better than the week before last, when exports were 1,800,000 bushels.

For the four weeks ending October 31, this year, Russia shipped 10,000,000 bushels, the week before 10,000,000 bushels, the week before 10,000,000 bushels.

It is interesting to note, the statement cautions, that during the first three weeks of November last year, Russian shipments reached their peak for the year, totaling 15,000,000 bushels. While Russia has continued to ship moderately during the last few weeks, it is unlikely the shipments will come anywhere near the total established in November last year.

World shipments of wheat and flour amounted to 14,600,000 bushels for the week ending October 31, the week before 14,600,000 bushels for the week before 14,600,000 bushels.

Empire Central Bank
Opening House For All Banks Of Empire In London

London, Eng.—Creation of an empire central bank is set as a clear objective for all member states of the League of Nations. The League is the first recommendation of the League of Nations, the first recommendation of the League of Nations.

The report further suggests, however, that it might be wise to establish a "joint institution," built up out of the present security of the various monetary affairs.

League Affairs
Ottawa, Ont.—R. R. Law, of Vancouver, British Columbia, was elected to the United States House of Representatives.

London, Eng.—Creation of an empire central bank is set as a clear objective for all member states of the League of Nations. The League is the first recommendation of the League of Nations, the first recommendation of the League of Nations.

Thinking With Him
Newark, Conn.—John Martin O'Connell will not join his brother, John, in following the latter's will of his father, Thomas A. O'Connell. "I think the will is very, very good," Mr. O'Connell said.

Industry manufacturers are experimenting with electric rays in the hope of producing a new type of electric ray. The electric ray is a new type of electric ray.

W. N. O. 1913

Statistics Indicate Present Year Healthy

Canadian Death Rate Both in U.S. and Europe. The year 1931 has been an exceptionally good health year, according to statistics from the Institute for the comparative death rate both in Canada and the United States for 1931. The death rate in Canada was 10.1 per cent, in excess of that of 1930, when the minimum rate for all time was registered.

Mortality for heart disease in two per cent, higher than in 1930. Tuberculosis is establishing a new minimum mortality record for all time, registering 17.7 per cent for the first three months, a decrease of 5.9 per cent in 1930. The death rate for diabetes has been reduced 34.6 per cent, a new low record. On the whole, the cumulative rate for diabetes is considerably higher. The rate for cancer has also increased five per cent.
